Using Your PSAT/NMSQT® Scores to Increase College Readiness
More than ever before, the PSAT/NMSQT® supports students on their path to college readiness.

Like all of the assessments in the SAT® Suite, the PSAT/NMQT offers scores and reports that provide insightful information about individual student performance on the assessment, including a predicted SAT score and their progress toward the college readiness benchmarks.

The purpose of this lesson is to support educators as they review PSAT/NMSQT scores and reports with students.

• The lesson can be used with your students in a computer lab, leading them through the online reports and resources available to students when they log in to their College Board account.

• The lesson also takes the students through their paper score report step by step, explaining each section of the report and the scores students receive.

• In addition, this lesson shares college planning resources with students to help them investigate colleges, majors, and their own interests on the path to college readiness.
Instruction for Using This Lesson

- The lesson is divided into sections,
  - **Section one:** the online reporting portal
  - **Section two:** the paper score report
  - **Section three:** additional college planning resources
- Some information in each of these sections is repeated to allow the flexibility to review only the online portion or only the paper score report.
- Use this table to tailor the lesson as needed:

Using Your PSAT/NMSQT® Scores to Increase College Readiness
Get to Know the PSAT/NMSQT®

• The PSAT/NMSQT is highly relevant to your future success because it focuses on the skills and knowledge at the heart of your education. It measures:
  • What you learn in high school
  • What you need to succeed in college
• The PSAT/NMSQT measures reading, writing and language, and math skills developed over many years.
• The PSAT/NMSQT does not ask for facts from literature, history, or science, or for recall of math formulas, because it measures your reasoning and critical thinking skills.
• You don’t have to discover secret tricks or cram the night before.
• There is no penalty for guessing.
• The test length is 2 hours, 45 minutes.

11th Grade

Keep in mind, the PSAT/NMSQT and SAT are on the same scale. Your score shows you how you would have scored that day on the SAT. How well you do depends on what you do next!
How Do I See My Detailed Scores?
How Will I Do on the SAT®?

The predicted SAT score is an initial projection based on current SAT data and concordance.
How Did My Score Measure Against the Benchmarks?

Section, test, and subscores all report scores in performance zones that indicate whether you are on track for meeting the college readiness benchmarks on the SAT.

Section scores

**Need to Strengthen Skills** = below grade-level benchmark by more than one year

**Approaching Benchmark** = below grade-level benchmark by one year or less

**Meets or Exceeds Benchmark** = at or above grade-level benchmark

Test scores and subscores

Red, yellow, and green ranges reflect areas of strengths and weaknesses compared to the typical performance of students.
What Do My Scores Tell Me?

Test scores, cross-test scores, and subscores give students insightful information about their strengths and areas for improvement.
How Can I Improve My Academic Skills?

Skills Insight™ informs you about what you are already likely able to do, and how you can improve your skills.
What Can I Learn from My Answers?

See the actual questions, answer choices, and the answer selected.

Look at the online score report and consider the following:

- Identify the questions answered incorrectly.
- Find the correct answer and read the answer explanation.
- Explain why the error was made.
- Ask questions about answer explanations that are not clear.
What Can I Learn from My Answers? (cont.)

Check the level of difficulty of each question and the related subscores and cross-test scores.

Look at the types of questions answered incorrectly and skipped and consider the following:

• Identify the level of difficulty. How many questions did I miss at each level?

• Was I more likely to skip questions associated with any subscore or cross-test score?

• What inferences can I make about areas for improvement based on the types of questions I missed and skipped?
What Is My AP Potential™?

AP Potential uses scores from the PSAT/NMSQT® to provide predictions for 21 AP® Exams.

- College Board research shows that students who score a 3 or higher on an AP Exam typically experience greater academic success in college and are more likely to earn a college degree on time than non-AP students.
Understanding My Paper Score Report
What Are My Scores?

Scores for the assessments in the SAT® Suite are vertically equated.

Your Evidence-Based Reading and Writing Score
- Your National Percentile: 31st
- Your Total Score: 960
- Your Math Score: 530

Keep in mind, the PSAT/NMSQT® and SAT™ are on the same scale.

The College and Career Readiness Benchmark
- Need to strengthen skills
- Approaching Benchmark
- Meet or exceed Benchmark

*The red, yellow, and green ranges in the test scores and subscores reflect your areas of strengths and weaknesses, compared to the typical performance of students in your grade.
What Are My Scores? (cont.)

Test scores, cross-test scores, and subscores give students insightful information about their strengths and areas for improvement.
What Are My Score Percentiles?

Percentiles and benchmarks are provided for 10th and 11th grades on the PSAT/NMSQT®.
What Are My Score Ranges?

PSAT/NMSQT® scores should be interpreted as ranges rather than singular points.

If a student were to take the same test repeatedly (with no new learning), the standard deviation of the student’s repeated test scores is called the standard error of measurement (SEM). Your score range is computed as your score +/- SEM. For PSAT/NMSQT, these ranges are approximately:

- **Total Score**: Your score ± 40 points.
- **Evidence-Based Reading and Writing Section Score**: Your score ± 25 points.
- **Math Section Score**: Your score ± 33 points.
- **Test Scores and Cross-Test Scores**: Your score ± 2 points.
- **Subscores**: Your score ± 1 to 2 points.

Remember that you will receive scores in the same areas when you take the SAT.

### Your Scores: Next Steps

**Your score indicates that you are already likely able to:**

<table>
<thead>
<tr>
<th>Test</th>
<th>Suggestions</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Reading Test</strong></td>
<td>- Retain or add information or ideas to a piece of text to support claims or points in challenging text</td>
</tr>
<tr>
<td></td>
<td>- Use a variety of sentence structures to accomplish a historical purpose such as persuading an audience</td>
</tr>
<tr>
<td></td>
<td>- Revise text as needed to improve the exactness or content appropriateness of word choices within challenging texts</td>
</tr>
<tr>
<td><strong>Writing and Language Test</strong></td>
<td>- Draw reasonable inferences and logical conclusions from challenging texts</td>
</tr>
<tr>
<td></td>
<td>- Analyze information presented quantitatively in such terms as graphs, tables, and charts and relate that information to information presented in somewhat challenging text</td>
</tr>
<tr>
<td></td>
<td>- Determine how the selection of specific words shapes meaning and tone in a challenging passage</td>
</tr>
</tbody>
</table>

**Math Test**

- Interpret a linear inequality in one variable with rational coefficients that represents a context. Select the equation of a line best fit and interpret the slope and intercept of the line in the context of the situation (when a linear model is appropriate).
- Determine whether two events are independent given their probabilities.
What Are My Next Steps?

- Continue to take challenging courses in high school
- Link scores with Khan Academy®
- Set up a practice plan and stick to it
- Register for the SAT®
- Utilize other resources to research and prepare for college

Road Map to Careers

Roadtrip Nation and College Board are partnering to help students connect with careers.

• Choose your core interests.
• Watch videos of leaders who share your interests.
• Learn about majors and careers that align to your interests.
• See examples of leaders who followed a similar path.
Student Search Service®

Connects students with information about educational and financial aid opportunities.

• Participate voluntarily.
• Connect with more than 1,200 colleges, universities, scholarship programs, and educational organizations.
• Sign up when you take an assessment in the SAT® Suite:
  1. Choose to participate in Student Search Service when registering for a College Board test (fill in the circle on the answer sheet).
  2. Provide information about yourself on your answer sheet.
  3. Participating organizations can then search for groups of students who may be a good fit.
  4. FYI: The College Board never shares information on disabilities, parental education, self-reported parental income, Social Security numbers, phone numbers, or actual test scores through Student Search Service.
Thank You.
